Responsible Cambridge Development

A CAMBRIDGE RESIDENT GROUP

NEIGHBORS DESERVE ANSWERS.

PB-412 • Birch Street & Bay State Road

Environmental testing identified vinyl chloride and dichloroethene at the PB-412 property.

Investigation at nearby 445 Concord Avenue is ongoing.

Detection of contamination does not mean residents have been exposed.

HOW YOU CAN HELP:

1. **Ask for clear groundwater testing results and migration findings.**
2. **Request construction safeguards before excavation.**
3. **Urge timely updates for nearby residents, schools and childcare.**

MAKE IT EASY:

Email templates are on our website.

Use our pre-drafted templates to quickly email the developer, Cambridge Public Health, and MassDEP.

CONTACT & EMAIL:

PB-412 developer: info@bsrbirch.com
Cambridge Public Health: 617-665-3838
MassDEP Northeast Region: 978-694-3200

Mention PB-412, 445 Concord Avenue, and neighborhood environmental transparency.
